EDUCATION

NATIONAL UNIVERSITY OF SINGAPORE (NUS)

Aug 2024 - Present

Bachelor of Science (Hons) in Data Science and Analytics

- Second Major in Physics.
- Ridge View Residential College (RVRC) Programme.

EUNOIA JUNIOR COLLEGE

Feb 2020 - Oct 2021

GCE A' Levels

- Class Chairperson.
- A' Level Oral Presentation Excellence Award.

TECHNICAL SKILLS

Programming: Python (pandas, NumPy, matplotlib), R (ggplot2), SQL, MySQL, Java, Power BI, tableau.

Statistics and Data Analysis: Linear Regression, KNN, Decision Trees, Logistic Regression.

Others: Excel, Microsoft Office, Canva, Video editing.

WORK EXPERIENCE

Personal Business, Private Tuition Tutor

November 2023 - Present

- Founded a self-run private tuition business, hosting small-group classes.
- Partnered with a Chinese tuition company to deliver outsourced A' Level Physics lessons via online video calls.

Punggol Tutors, Tutor & Curriculum Planner

November 2023 – June 2025

- Designed and implemented a structured secondary school curriculum for STEM subjects in a tuition centre, contributing to grade improvements for over 75% of students.
- Conducted engaging lessons for groups of up to 10 students.

40th Battalion Singapore Armoured Regiment (40SAR), Information Communications Specialist

August 2022 – November 2023

- Received the Honour Graduate Award, graduating second in my cohort and awarded the Silver Bayonet.
- Oversaw IP addressing and network configurations to establish reliable connections within a network of up to 30 military devices.
- Troubleshooted and resolved network issues, ensuring minimal downtime and maintaining secure communication channels for over 500 servicemen during live firing and battalion level exercises.
- Partnered with ST Engineering to upgrade, test, and implement new technologies and features, enhancing communication systems.

PROJECTS

NUS Datathon, Team Leader

January 2026 – January 2026

- Applied end-to-end data analysis workflows, including data cleaning, handling missing values, and ensuring data consistency across a corporate dataset with over 2500 entries.
- Interpreted model outputs to derive actionable insights on corporate independence, global reach, and decision-making influence.

Faculty Of Science Heart Disease Statistics Report, Data Analyst

August 2024 – November 2024

- Built and compared multiple classification models (KNN, Decision Tree, Logistic Regression, Naive Bayes) on a healthcare dataset with 300 entries.
- Implemented regression and machine learning models and assessed trade-offs between precision and sensitivity, selecting models to maximise detection of true cases in high-risk scenarios.
- Engineered model evaluation pipeline with cross-validation, confusion matrix analysis, ROC curves, and AUC scoring.

LEADERSHIP

Ridge View Residential College House Committee, Events' Head

March 2025 – April 2026

- Directed a subcommittee of 6 in planning and executing over 10 events throughout the academic year for 60+ students, focusing on student engagement, sustainability, and residential life.
- Collaborated with college leadership to ensure events were aligned with the College's Vision and Students' needs.

NUS, Faculty Of Science, Science Club Welfare Director

September 2024 – September 2025

- Elected by the Faculty of Science student body, representing and advancing students' interest, securing 70% of the vote.
- Led and managed a subcommittee of 18 members, overseeing planning and execution of welfare initiatives serving 5,500+ undergraduate students.
- Conducted and led sponsorship negotiations and pitch meetings, convincing cash sponsors and achieving a >50% increase in cash sponsorship during tenure.

ADDITIONAL INFORMATION

Languages: English & Mandarin.

Soft Skills: Public Speaking, Collaboration & Teamwork, Adaptability and Resourcefulness.

Awards/Achievements: 6 Distinctions in the GCE O' Level Examinations, Claire Chiang Student Outstanding Leadership Award, NTUC Care (Education Awards) 2025 for academic excellence.
